Msgr. Ronald Royer has been a dear friend and advisor on the board of His Nesting Place for many years. His kindness, helpfulness, and generous heart will be something we will remember forever. Msgr. Royer helped open many doors for us to speak in Catholic churches and has been a real blessing to us. "May his retirement years be filled with much joy and God's presence!"

The following is from a letter that he recently sent to us.

Dear Al and Judy,

Thanks for the DVD - "A Beating Heart." It is very powerful! You have come a long way in saving lives since I read about you in the L.A. Times and your struggles with Downey. I thought to myself that I am not involved directly in this. But you got to me also! Life is wonderful - thank God we have it!

Mom is celebrating her 100th birthday this month. She was the youngest of five and the only one living now. It was a good move for us to here. Your article comparing the Chilean government's efforts to save the trapped miners with those in the womb was excellent. Chile has one of the best governments in South America and is practicing the Gospel of Jesus Christ. It was not always that way, so maybe there is hope for the USA. Keep up the good work. God bless us and America bless God!

“They made me feel like part of a real family”

Cheyenne’s Testimony

Hi, my name is Cheyenne Dale and I am 18 years old. My baby girl was born on November 19th. Her name is Sophia. Before I came to His Nesting Place my life was very hard and confusing. I felt like nobody wanted me.

I was almost positive that all I ever had in this world was my brother and myself. My view on life was that everybody else was wrong but I was right.

Even though I was not abortion-minded before coming to His Nesting Place, I knew that I was a lost soul who needed guidance and I needed a place to stay. The environment I was in at the time was horrible. Everyone I knew was either drunk or on drugs. I had been staying in a backyard shed with no door. When my relative found

out I was pregnant she told me to get an abortion or I would have to leave. I didn’t get along with my mother and she was a big disappointment to me. I was also pregnant and wanted my baby to be around loving and caring people when I had her.

Since coming to His Nesting Place my relationship with God has gotten stronger. Now I pray every night for protection over me and my child. Also, I have learned a lot about house cleaning and being responsible. I have also learned a lot about love and trust. The people here at His Nesting Place have made me feel like part of a real family. I will always love the moms, the staff, and of course Mama and Papa (Pastor Al and Judy) for what they have done for me. I feel loved and cared for.

I am working on getting my GED so I can pursue my career and go to Med School and financially support my baby and myself. I want Sophia to have a better life than what I had and I am going to work hard at fulfilling that.

“Thank You For Your Generous and Kind Hearts!”

A letter from Claudia (one of our mothers)

“I have had the privilege of being allowed to participate in your wonderful program. Living at His Nesting Place has changed my life. Because you gave me the opportunity to have a house and shelter I have had the opportunity to go to school. I am now about to complete my nursing school but this wouldn’t have been possible without your constant support and prayers.

Thank you Papa and Mama for your generous and kind hearts! Thank you for extending the love of Christ to my kids and myself. I thank God every day for you. As I attend my graduation on November 16th my two daughters and I want to say, ‘Thank you’ with all our hearts. I always thank God for you for extending your love to me!”

“I thank God every day for you”

His Nesting Place – Still Being Viewed Around the World

A few years ago, the television series “30 Days – Actual Reality” filmed us for 30 days and nights. A pro-abortion young lady came here (whom we later discovered worked for Family Planning in Georgia) to live for 30 days with our mothers and children here at His Nesting Place. The objective was to see if the two opposing views represented would be persuaded one way or the other.

Since we were first featured on the television series and many times since in several countries, we have received numerous responses via emails and letters. Most people, whether pro-life or otherwise, have had positive comments to make. The following is a recent email sent to us regarding this.

“I have just finished watching Mr. Spurlock’s documentary about the pro-choice activist who came to visit you. All I have to say is this: You have found one of the most miraculous, inspiring, and hopeful alternatives to abortions I have ever seen. I have read so many stories about women who feel they have nowhere else to turn. I think it’s just wonderful to know that they have at least one place that offers the care and compassion necessary to guide a woman through an unwanted pregnancy. In this regard, I must say that you are true followers of Jesus Christ. So many Christians are fixated on pointing their fingers at wrongdoers, telling them the hell they are going to know. In the mean time, like Jesus, you are taking those wrongdoers under your wings and saving them instead of simply telling them they’re doomed like so many churches do these days.”

God bless,
Jordan

Thank You For a Successful Open House!

We want to sincerely thank all of you who came to our Annual Christmas Open House on December 4th. It was so beautiful and rewarding to see so many old and new friends. Thanks so much to all who came with gifts for the moms and children. We were pleasantly surprised at the numbers who came through. You brought us much joy! God bless you and may your Christmas be the best ever! For those who could not make it we hope to see you at the next Open House in 2011.

Love,
Dr. Al and Judy Howard
