1. His Nesting Place mother home and church, a 50-room facility is paid off in full in 16 years. Praise the Lord!
2. Our four bedroom, three bathroom extension home directly across the street. When we purchased it, it was in horrible condition, with caved in roofs and much damage inside. It was unlivable but not unlovable. We were able to pay it off in ten years and it serves us well unto this day.
3. A six one-bedroom apartment building that was filled with drug addicts: When the Lord gave it to us, it was in a sad state of deterioration and we had to completely restore and furnish all six bedrooms. It continues to serve us well. It is our plan to purchase this building when the Lord provides.
4. We have two houses, a one-bedroom and a two-bedroom on Elm Street. When we moved here in 1984 these houses were filled with drug dealers. We leased both houses and they have been rebuilt, refortified and are serving the Lords people today. We hope to buy these houses when God enables us. Praise the Lord!
5. When we moved into His Nesting Place years ago our property connected to a large Mormon Church on a good size piece of property. The church burned and has been replaced by the City of Long Beach with a \$3 million park, which they named "Grace Park." It's perfect for His Nesting Place and our moms and children have almost exclusive use of it. The city also installed four surveillance cameras on our property that enables us to monitor the park. Praise the Lord!
6. Along with the park there is now a community garden for growing vegetables across Elm St. We also make use of this. Praise the Lord!
7. Our Thrift Store now occupies a building where there was once a liquor store. Our plans are to purchase this property also.

As you can see, God has blessed us by allowing us to expand to all four corners. It is my dream to build a "Total Care Center" for women. There has never been a ministry like this anywhere that I know of.

A Time of Prayer and Fasting and Saving Lives!

From January 9th till January 30th, the staff of His Nesting Place joined with thousands of Christians for a 21 day fast. We met daily for prayer to pray for our president, our nation, and for lost souls, and specifically that abortion would end!

The staff of His Nesting Place praying during our 21-day fast.

Baby Layettes Help us Save Babies

These are pictures of women who recently changed their minds and turned away from having an abortion. Notice the "mini gift layettes." I have found that one of the best ways to soften and change the heart of an abortion-minded woman and help her choose life is to give her a beautiful baby layette. Very few women can resist this gift given to her with love and prayer. We're able to tell her to turn to us and we'll help any way we can and she knows we mean it! If you can help make layettes or provide the items needed for them, please let us know. You will help us literally save lives!

Items we need for these layettes are as follows: medium and large baskets, clear wrapping paper, newborn diapers, t-shirts, baby gowns, new infant outfits and socks, baby bottles, cute "baby toys" and/or stuffed animals, baby gift wrapping paper.

Rica writes:

"I had the great privilege and opportunity to go sidewalk counseling at the local abortion clinic in Long Beach several times recently. My first experience doing this was with "Mama" (Mrs. Judy Howard).

When we arrived a woman came out of the clinic who had just had an abortion. We could tell that it was a traumatic experience for her. She moved slowly and had a solemn look on her face. She knew in her heart that what she had done was wrong. She walked away from Mama and me as we encouraged her to seek the Lord's forgiveness. She stopped, turned around, received prayer, and she prayed out loud for Jesus and for His forgiveness. Glory be to God!

As the women and couples went into the clinic, the majority accepted our pamphlets and some took the time to talk with us. As we waited for people to go in or come out of the clinic we prayed for those who were already inside to come out. We prayed for God to soften their hearts, to change their minds and keep their baby. God was moving, bringing women out who changed their minds from having the abortion. Women were leaving the clinic happy and excited to have their baby and happy that they made the right decision. After all, it is a time to celebrate! As a result, there were at least six moms that we know of who changed their minds and decided to have their child!

One woman, after talking with us, decided not to even go into the building. She returned to her car and happily left the clinic. Her smile and countenance conveyed to me how happy she was to come in contact with us. This experience really had me overflowing with indescribable joy! Words cannot express to you how uplifted and excited I am to be a part of what God is doing!

Please pray along with us that His Nesting Place's mission to save babies is a success and that ultimately abortion clinics close and that legalized abortion ends."

Thank you and may God richly bless you! One morning at the abortion clinic Rica went with me where we both knew the Holy Spirit's power was so tangible and powerfully moving in the hearts. We saw six girls change their minds in just over one hour. More women turned away than went in. During a few weeks at least 16 babies that we know of for sure were saved! Here is Rica's testimony:
